Application approved by: _____

The owner of this building and the undersigned agree to conform to all applicable laws of the Town of Bath, North Carolina.

Signature of Applicant

Effective 8/10/04, there is a \$50.00 filing fee for all permits, including zoning compliance application.

Any construction that requires installation of water or wastewater services may:

- A) Be installed by owners, contactors or
- B) Be installed by Town of Bath Utilities Department

All components must be compatible with existing water/wastewater materials, including Myers pumps.

Bath Utilities Department must inspect all construction prior to services becoming operational. Inspection fee is \$100.00.
